Case No. CV18-4315-DSF(JPRx)

**DECLARATION OF CARTER
CULVER**

27
28

1 **DECLARATION OF CARTER CULVER**

2 I, Carter Culver, declare, pursuant to 28 U.S.C. § 1746, as follows:

3 1. I am employed by Exelon Business Services Company, LLC, a wholly
4 owned subsidiary of Exelon Corporation (“Exelon”). I am a Senior Vice President,
5 Deputy General Counsel and Assistant Secretary of Exelon. I have personal
6 knowledge of the matters set forth below and, if called as a witness, would testify to
7 these facts under oath.

8 2. I make this declaration at the request of the United States Securities and
9 Exchange Commission (“SEC”).

10 3. Exelon works in every stage of the energy business: power generation,
11 competitive energy sales, transmission and delivery. As the nation’s leading
12 competitive energy provider, Exelon does business in 48 states, the District of
13 Columbia, and Canada.

14 4. On or about February 12, 2018, the SEC requested that Exelon provide it
15 with certain information concerning companies called Titanium Blockchain
16 Infrastructure Services, Inc. (“TBIS”) and EHI Internetwork and Systems
17 Management, Inc. (“EHI”), and an individual named Michael Stollaire aka Michael
18 Stollery or Michael Stoller (“Stollaire”).

19 5. In my capacity as Senior Vice President, Deputy General Counsel and
20 Assistant Secretary of Exelon, I am required, periodically and as needed, to become
21 familiar with the entities with which Exelon has contracts, agreements, and/or other
22 substantive business relationships including alliances and partnerships. In addition,
23 in my capacity as Senior Vice President, Deputy General Counsel and Assistant
24 Secretary of Exelon, I share responsibility with other members of the Exelon’s legal
25 department, intellectual property counsel, and others to protect Exelon’s trade name,
26 trademarks, and service marks from infringement and other unauthorized uses by
27 third parties. In response to the SEC’s request, and at my direction, Exelon personnel
28 reviewed the books, records, files, and computer systems of the business units within

1 Exelon that might reasonably be expected to have or to have had any type of business
2 relationship with TBIS or EHI or Stollaire including as a customer (other than
3 possibly as a retail customer for electricity or natural gas), client, vendor, employee,
4 contractor, consultant, or other type of business transaction.

5 6. Exelon keeps and maintains business records in the course of its
6 transactions and regularly conducted activities as a regular practice. It is Exelon's
7 practice to prepare such records at or near the time of the occurrence of the matters
8 set forth by, or from information transmitted by, a person with knowledge of those
9 matters. Exelon maintains books and records of entities and persons with which it
10 has contracts, agreements, and/or other substantive business relationships, such as the
11 purchase and sale of a product or service, making an investment, or entering into an
12 alliance or partnership, including authorized uses by third parties of its trade name,
13 trademarks, and service marks. Exelon also maintains books and records of entities
14 and persons with which it has engaged as an employee, vendor, contractor, or
15 consultant. For the purposes of this declaration, as Senior Vice President, Deputy
16 General Counsel and Assistant Secretary of Exelon, I am qualified to testify about
17 them.

18 7. Exelon's books and records are current as of the date of this declaration.
19 The search of these materials has not disclosed any current or past business
20 relationship of any kind between Exelon and TBIS or EHI or Stollaire directly except
21 as noted above in paragraph 5.

22 8. The search of these materials indicates that Exelon used the services of a
23 third party contractor to provide certain information technology ("IT") services to
24 Exelon and that Stollaire worked as a contractor on the IT services between July 13,
25 2015 and September 2, 2016, when the work ended. These materials indicate the
26 scope of the IT services included commercially available IT products and services
27 used by Exelon, and did not include blockchain technology or digital currency.

As a result of its efforts, the Exelon name and Marks have accumulated substantial goodwill and have come to represent outstanding quality and service.

You are operating the website www.ehiinsm.com (the "Website"), which uses the Exelon Mark to imply that Exelon is an EHI-INSM Inc. client (see Exhibit B). It is not. You are not affiliated with Exelon in any way, including as an approved supplier, nor do you have authorization to use the Exelon Mark.

Your use of the Exelon Mark is unauthorized and is likely to cause consumer confusion in violation of federal law. Consumers who view the Website will have the false and misleading impression that Exelon sponsors or endorses EHI-INSM, Inc., or that there is a relationship between Exelon and the Website or EHI-INSM, Inc. when there is not.

Moreover, the Website, without authorization or permission, displays a copyrighted work owned by Exelon. Specifically, Exelon owns a copyright in the logo shown here:

“Michael was originally asked to perform (and did indeed perform) routine administration tasks with HP OpenView Operations and HP OV Performance Manager. Later, we took advantage of the fact that he was familiar with SCOM and asked him to perform some SCOM admin tasks, too. Tools utilized: HP OpenView Operations (OVO), HP OpenView Performance Manager (OVPM), Microsoft System Center Operations Manager (SCOM) Microsoft System Center Orchestrator (SCOrch), as well as BMC Remedy. Michael met our technical expectations by far, and his ability to communicate and work with internal and external clients should not be underestimated.”
