Order re Service of Motion to  
Uphold Claims Determination

The Receiver has filed a motion for the Court to uphold his determination with regard to the claim of Claimant Ming Zheng. The Court deems this matter appropriate for decision without oral argument. See Fed. R. Civ. P. 78; Local Rule 7-15. The hearing set for April 3, 2023, is removed from the Court's calendar.

There is no proof of service indicating that the motion was served on the Claimant. The proof of service indicates that the motion was only served via CM/ECF, but Ming Zheng does not receive notice by CM/ECF in this case. Therefore, no later than March 31, 2023, the Receiver is to file a proof of service indicating that the Claimant was previously served with the motion or indicating that he has now been served. If the Claimant had not previously been served, the service

made at this time should indicate that the Claimant has until April 21, 2023, to file a response to the motion.

IT IS SO ORDERED.
